How to: Padlet

How to create a new page:
1. Once logged in, go to ‘+ new’ in the top right corner.
2. Pick a background layout.
3. On the right hand side is you editing bar. This is where you can edit the title, background colour and page logo.
4. Finally, choose to keep your page private, secret, password protected or public.

How to share your Padlet page with the class:
1. Once on your selected Padlet page, click on the ‘share’ button in the top right hand corner.
2. Go to ‘Share/Export/Embed’ and press print code.
3. Students can access the Padlet page by scanning the QR code that is provided.

How to post to your Padlet page:
1. Once in your selected Padlet page, click on the ‘+’ sign in the bottom right corner.
2. A text box will appear.
3. You can add text and/or an attachment.
4. To add an attachment press the ‘+’ and a side bar will pop up. From there you can add a URL, document or photo.
